Dear Rick and Jessica:

I want to thank you for an outstanding performance to start off our 68th season for Music for Mt. Lebanon. "She's Got the Blues" was an outstanding show that our audience thoroughly loved and appreciated. The show combined the best music from our past with music written by Jessica Lee – and it all blended so beautifully into your program. The audience loved the Cole Porter, George and Ira Gershwin and Irving Berlin tunes that brought back great memories.

Your ease of performing and rapport with the audience made the performance so much more than just a musical recital. It was informative, well-planned and so musically performed by both of you! We look forward to having you return in one of our upcoming seasons once more and wish you the best in your coming seasons!

Keep up the great work!

Rich Pinkerton

Artistic Director
