Dear Jessica,

I want to thank you so much for being featured performer at the first ever 'Evening of Song' event in honor of the University of Pittsburgh Voice Center. It was such a pleasure to meet you at the event. Your presence, as one of Pittsburgh's true jazz talents, was the perfect complement to such a beautiful and important event.

As you know firsthand, any issue or problem concerning one's voice can impact them in such a negative way and disconnect them with the world. The work being done at the Voice Center is so important and makes a positive impact on the lives of everyone they treat.

Your beautiful voice and fascinating commentary were truly eye opening for our guests about everything that Drs. Rosen and Gartner-Schmidt are doing and envision for the future of the Voice Center. I truly appreciate you being a part of our program.

Thank you again. Please feel free to contact me for anything you need from the Eye & Ear Foundation in the future.

Best Regards,

Lawton Snyder
Executive Director

You have a new fan!
